Event Report

Workshop on "Developing Products for Early-Stage Entrepreneurs"

Date: 25th September, 2025

Organized by: IISC with support of Innovation Club, KCG

Introduction

On **25th September, 2025**, the **Institute Innovation and Startup Centre (IISC)**, in collaboration with the **Innovation Club, KCG**, organized a one-day workshop on "*Developing Products for Early-Stage Entrepreneurs.*" The workshop aimed at creating awareness among students about the process of transforming innovative ideas into tangible products, equipping them with essential knowledge about entrepreneurial opportunities, and introducing them to the resources available under various government initiatives such as SSIP (Student Startup and Innovation Policy).

The workshop served as a platform for students to interact with experienced academicians and professionals in the field of entrepreneurship and innovation. It also offered them an opportunity to understand the essentials of product development, from idea generation to prototype creation, and the potential for commercialization.

" Workshop: To Develop Products for Early Stage Entrepreneurs"

Inaugural Session

The program commenced with a warm welcome address by **Principal Dr. P. S. Patel**, who emphasized the importance of entrepreneurship in shaping the future of students. He highlighted the need for young minds to embrace innovation as a tool for solving societal and industrial challenges.

The guest speaker for the session was **Dr. Ashish Kumar Desai**, SSIP Coordinator and Lecturer at Government Polytechnic College, Himatnagar. In his address, Dr. Desai shared valuable insights into the opportunities available for students under the SSIP initiative, the process of applying for support, and the significance of developing innovative products at the early stage of entrepreneurship.

The event was also graced by the esteemed presence of **Dr. Z. M. Gadhwal**, whose encouragement and vision further motivated the participants.

The entire workshop was coordinated and conducted under the guidance of **Dr. S. P. Vyas**, Convener of IISC & Innovation Club, who played a pivotal role in planning and successfully executing the program.

Programme Objectives

The key objectives of the workshop were:

1. To enhance students' understanding of **product development in the entrepreneurial journey**.
2. To introduce the concept of **design thinking, prototyping, and innovation management**.
3. To make students aware of the **supportive ecosystem provided by SSIP and institutional incubation centers**.
4. To inspire students to convert their **innovative ideas into market-ready products**.
5. To build a culture of **entrepreneurial mindset and innovation** on campus.

Workshop Highlights

- **Interactive Session with Dr. Ashish Kumar Desai:** Participants learned about the practical challenges faced by early-stage entrepreneurs and the strategies to overcome them. Dr. Desai explained how students can start small but grow steadily with the right approach to innovation.

" Workshop: To Develop Products for Early Stage Entrepreneurs"

- **Awareness about SSIP:** Detailed guidance was provided on the role of SSIP in supporting student startups, funding opportunities, and mentoring facilities.
- **Active Student Engagement:** The session witnessed **62 enthusiastic student participants**, who raised queries, shared their innovative thoughts, and discussed potential product ideas.
- **Mentoring and Motivation:** Students were inspired to think beyond academics and focus on developing problem-solving skills that could lead to entrepreneurial ventures.

Programme Outcomes

The workshop achieved significant outcomes, such as:

- Students developed **awareness about entrepreneurial product development** and its role in career building.
- Participants gained knowledge of the **step-by-step process of product design, innovation, and commercialization.**
- The session motivated students to apply their creative thinking and technical knowledge in developing **real-world solutions.**
- Students became familiar with the **institutional and governmental support systems**, encouraging them to initiate startup projects.
- The workshop successfully instilled an **entrepreneurial and innovative mindset**, which will help students in their future academic and professional journey.

Conclusion

The **Workshop on “Developing Products for Early-Stage Entrepreneurs”** proved to be a highly enriching experience for all participants. The blend of expert guidance, motivational talks, and student interaction made the event both informative and inspiring. With **62 active student participants**, the program served as a stepping stone towards building a strong entrepreneurial culture within the institution.

The efforts of **IISC and the Innovation Club, KCG**, under the guidance of **Dr. S. P. Vyas**, were highly appreciated. The event concluded with a vote of thanks, acknowledging the contributions of the guest speaker, dignitaries, faculty, and students who made the workshop a grand success.
