Objectives of Seminar:

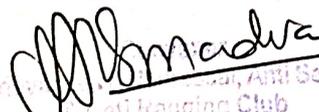

- To aware the students of dehumanizing effect of ragging inherent in its perversity.
- To keep a continuous watch and vigil over ragging so as to prevent its occurrence and recurrence.
- To promptly and stringently deal with the incidents of ragging brought to our notice.

Educational and awareness Outcomes:

- **Deeper understanding of ragging:** Seminars educate students, faculty, and staff on the various forms of ragging, from mild bullying to severe abuse, and the profound psychological and physical harm it causes to victims.
- **Clarification of rules and laws:** Attendees learn about the legal framework that prohibits ragging, including relevant sections of the law and university regulations based on guidelines from the University Grants Commission (UGC). This includes the specific actions considered ragging and their severe consequences.
- **Sense of responsibility:** Seminars encourage all members of the academic community to be active participants in prevention. This includes teaching senior students how to act as mentors rather than tormentors and encouraging freshers and witnesses to report incidents without fear.

Procedural and administrative Outcomes:

- **Zero-tolerance policy:** The seminar reinforces the institution's commitment to a zero-tolerance policy against ragging, making it clear that all incidents will be taken seriously and investigated thoroughly.
- **Prominent communication of policy:** Institutions often decide to increase the visibility of their anti-ragging policy by displaying posters and conducting campaigns throughout the year.

- **Support systems for victims:** The outcomes include a greater emphasis on the counselling and support services available to help students who have been affected by ragging.

Punishment-related Outcomes:

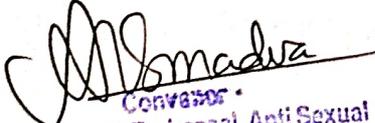

- **Clarity on legal penalties:** The seminar details the legal punishments for engaging in ragging, which can include imprisonment and significant fines.
- **Institutional disciplinary actions:** Attendees are informed of the severe academic and administrative actions that can be taken against offenders, including:
 - Cancellation of admission.
 - Suspension or rustication from the institution.
 - Withholding of scholarships and other benefits.
 - Debarring from examinations and withholding results.
- **Collective responsibility:** The seminar clarifies that in cases where individual offenders cannot be identified, collective punishment may be enforced as a deterrent.

Long-term campus culture Outcomes:

- **Creating a safe and inclusive environment:** By promoting empathy, mutual respect, and positive peer interaction, seminars contribute to fostering a more supportive and secure campus for all students.
- **Empowering freshers:** The seminar aims to empower new students by making them aware of their rights and assuring them that they have institutional support, thereby boosting their self-confidence and reducing their vulnerability.
- **Sustained engagement:** Seminars conclude with recommendations for continued engagement on the issue, such as holding similar sessions regularly and involving student organizations to ensure a sustained anti-ragging culture.

Resource Person discuss the following points:

- **Forms of Ragging:** like as Display of noisy, disorderly conduct, teasing, excitement by rough or rude treatment or handling, including rowdy, undisciplined activities which cause or likely to cause annoyance, undue hardship, physical or psychological harm or raise apprehensive fear in a fresher, or asking the students to do any act or perform something which such a student will not do in the ordinary course and which causes him/her shame or embarrassment or danger to his/her life, etc.
